

Lull Telehandler Parts

Lull Telehandler Part - Telehandlers by Lull have been providing load placement accuracy since the year 1959. The Lull telehandler could really help make the job easier and faster, whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are even a lot of optional Lull accessories for their telehandlers to be able to help do whichever job.
