Advance-Nilfisk Parts - Imagine how long and tiresome it will really be to tidy up after a party, without assistance from machines. Previously, the dust from carpets and upholstery had to be beat out of them by hand; brushes, cleaning cloths and brooms were the top cleaning products back then.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Starting the business in the year 1906, he started to make motors to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the beginning was to have a worldwide business marketing products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that can be operated by a single individual because it just weighed 17.5 kilos! This invention came in a time where many cleaning machines were huge and required at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the method we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing problem; things get filthy and should be cleaned regularly, without a lot of effort.

Gradually but progressively, Nilfisk-Advance grew all through the years. During the 1980s, this development really occurred the time the business became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap forward within the industry, aiming to be among the leading universal players in the market of professional cleaning equipment. Nilfisk-Advance is presently found in every part of the world by gradually obtaining many smaller companies to be able to develop their product portfolio and presence in new markets. They are really proud to present different cleaning solutions to suit each and every requirement.
